

KeepRedlands green

Did you know Council can help you manage trees on your property?

At your place

Habitat protection programs offering advice and support to landholders:

- Koala Conservation Agreement Program
- Land for Wildlife
- Your Backyard Garden Program
- Voluntary Conservation Agreements
- Waterways Extension Program
- Rural Support

At IndigiScapes

- Plant and tree identification service
- Training and workshops
- Propagation and seed collecting groups
- Indigenous plant nursery

Out in the community

Council also works hard to care for trees and vegetation in public spaces, through:

- community bushcare program
- community tree plantings
- maintenance programs for parks, bushland, street trees and landscaping.
